-  Dual Sim Dual Standby For Better Communication Coverage
-  Support GPS/GLONASS/AGPS Positioning, Efficient Scheduling

WORLDWIDE APPROVED PoC RADIO

APX320LT is a rugged PoC radio with a compact design and high-performance integrated voice and data, the Smart PoC Radio provides stable connectivity for your organization. Superior functionality and identity are well proven in the lab and in the marketplace. Rugged, two-way radio with robust water and dust resistance. Adapted with Axiom platform, the APX320LT enables audio dispatching and video dispatching, trunking dispatching, map dispatching, patrol management, etc. It is the best choice for those engaged in commercial centers, hospitality, security, industry campus, event management, airport service and more.

Two-way Video

Synchronous communications, participants can converse with each other in real-time

Patrol schedule

Customize the patrol routes, and notify the security of the upcoming patrols.

User Priority

Provide priority to calls at higher or more critical levels to ensure it resolved first

Circle To Call

Select personnel in a specific area for scheduling arrangements

Man down

Ensure dispatchers are alerted if an employee suffers an accident, like slips, falls and physical attacks, etc.

Geo-fencing

Geo-fencing allows dispatchers to control restricted zones, hazardous areas, etc.
